Objective

A dedicated and hardworking student with strong technical foundation, seeking an opportunity to apply knowledge, contribute to organizational success, and grow professionally.

Education

BVRIT Hyderabad College of Engineering for Women

Hyderabad, Telangana

B.Tech in Electronics and Communication Engineering (CGPA: 7.7)

2022 – 2026

NRI Junior College

Hyderabad, Telangana

Board of Intermediate Education, MPC (94.4%)

2020 – 2022

Richmonds High School

Hyderabad, Telangana

Board of Secondary Education (GPA: 10)

2020

Projects

HomeZen – Door Step Home Services Booking Platform

Web Development Project

Developed a platform for booking home services like spa, AC repair, and cleaning. Added features like cart management, live tracking, and service history. Fixed cart clearing and selection issues by optimizing backend logic.

Underwater Multimedia Data Compression using Deep Learning

Major Project

Designed and implemented a CAE-based deep learning model for compressing underwater multimedia data (images and audio). Enhanced transmission efficiency and reduced data size in bandwidth-constrained environments. Compared performance with JPEG, JPEG2000, MP3, and AAC using PSNR, SSIM, SNR, and Compression Ratio metrics.

Power Consumption Monitoring Device

Mini Project

Designed a real-time power monitoring system using ESP32, sensors, and OLED display. The device measures voltage, current, power, and energy usage to optimize consumption and can be integrated with IoT for smart home solutions.

Technical Skills

- **Programming Languages:** Java , C
- **Web Technologies:** HTML, CSS, JavaScript (Front-End), Backend (Intermediate)
- **Tools:** Git, Windows, VS Code

Certifications

- Certified in MERN Stack Development – Atenas Code & BVRIT Hyderabad (Aug–Dec 2024)
- Completed Online Course on MATLAB Onramp
- Certified in MATLAB Machine Learning
- Completed Online Course on VLSI SoC Design using Verilog HDL
- Completed Online Course 8 Bit Microcontrollers- Architecture of the PIC16 - Edukills

Soft Skills

- Strong analytical and problem-solving skills.
- Quick learner with good debugging ability.
- Effective team player and communicator.

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
